OMRON Industrial Automation

G3H-203SN-VD 5-24VDC

Solid state relay, 200VAC, 3A, plug-in, LED indicator

Specifications

Application	Interface
Number of phases	1
Mounting method	With plug-in socket
Terminal type	Plug-in
Complete with socket	✖
LED indicator	✔
Rated operational voltage, AC	100-240 V
Operating voltage range, AC	75-264 V
Rated operation current Ie at AC-1	3 A
Supply voltage DC	5-24 V
Control current max.	15 mA
Must operate voltage max.	4 V
Must release voltage min.	1 V
Maximum operating temperature	80 °C
Minimum operating temperature	-30 °C
Isolation	Photocoupler
Switching at zero-crossing	✔
